TO THE CUSTOMER: Thank you for the opportunity to provide you with this quote. Please review the terms and conditions below so we can provide you

with the best service possible.

Pricing: The pricing contained in this quote is good for 30 calendar days or until contract signed which ever is less.

Payment: This quote is presented to you with the understanding that the product and services listed will be paid for via cash or check. Due to the competitive nature of this quote, if you elect to pay via credit card and the total amount is \$5,000 or more then a service charge of 3.0% of the charged amount will be assessed.

A down payment totaling 30% of the quote is due before any of the product will be ordered. 20% will be due when the product arrives at the Curtis Restaurant Supply warehouse with the remaining 50% due prior to delivery. Any deviation from this payment schedule requires approval of Curtis Restaurant Supply management in advance of product delivery.

Returned checks will be assessed \$30 fee. No deliveries will be made until the amount of the check, the total balance of the quote and the \$30 has been paid.

Curtis Restaurant Supply will remain the owner of all the product listed in this quote until payment is 100% complete. In the event payment is not made per terms stated above, then a late payment charge of 1.5% per month, or 18% annually, will be assessed on the unpaid balance. Since Curtis retains title until payment is made in full, Curtis reserves the right to repossess the equipment if payment is not made.

Initials: _____

Restocking Policy: Custom made product can never be returned to Curtis Restaurant Supply. It is imperative that you and your salesperson closely review all drawings to insure that all facets of the requested product will meet your needs as well as space, electrical and plumbing available. Once the product is made to these specifications it is yours and cannot be returned.

Products that are special order inventory items for Curtis Restaurant Supply can only be returned if the manufacturer will allow a return. If the manufacturer will not allow Curtis Restaurant Supply to return the product then you cannot return the product to Curtis Restaurant Supply.

If the manufacturer will allow Curtis Restaurant Supply to return the product, then you can return the product to Curtis Restaurant Supply provided the product is unused, undamaged and in its original packaging. You will be charged a 30% restocking fee plus a freight charge to return the product to the manufacturer. You are responsible for the restocking fee and return freight once the product ships from the factory. Canceling your order prior to you

receiving product does not waive your responsibility for restocking and freight charges if the cancellation occurs after the factory has shipped the product.

Products that are permanent stock inventory items for Curtis Restaurant Supply can be returned at no restock charge and no freight provide the product is unused, undamaged and in its original packaging.

Initials: _____

Customer Premise: It is your responsibility to insure that the product(s) can be safely delivered to the location desired within the facility. Curtis Restaurant Supply will provide the labor and equipment to deliver the product and set it in place, but will not perform any facility modification to get the product inside and to the proper location. This means all doorways and hallways on the route must be large enough to safely allow the product through. Further, the parking lot and building entrance must be in a satisfactory condition to enable safe driving for our vehicle and the transporting of the equipment to the building entryway.

If the delivery is scheduled by you and the driveway and entrance is not ready or the room receiving the equipment is not ready, then the delivery will not occur. Subsequent delivery of the equipment will be at an additional delivery charge.

Final connections, electrical and plumbing, are your responsibility. It is your responsibility to insure that there is adequate electrical power and the type of electrical power required to operate the equipment. It is your responsibility to specify the type of gas, natural or LP, at your location and that you have adequately sized lines to deliver the correct amount of gas for proper equipment operation.

Electrical reviewed and agreed to: _____

Gas type reviewed and agreed to: _____

Initials: _____

Warranty: This equipment is covered by the standard factory warranties only. Additional extended warranties may be available at an additional charge from the factory or a 3rd party provider.

Initials: _____

Sales Tax: The above prices do not include any state, municipal, sales, excise or use taxes unless specifically noted. All such taxes now in effect, or which may hereinafter be imposed, shall be added to the contract price, and shall be paid

by you. If you are a tax exempt organization, then your tax exempt documentation must be on file with Curtis Restaurant Supply prior to the invoicing of this product.
